Kindergarten Round-up

New families are calling the school to enroll their children in Kindergarten for next fall. If you have a child who will be five years of age by September 1st please call the office to schedule your appointment. Families, it is **very important** that we be made aware of younger siblings entering kindergarten as the class is filling up! Although existing families have first priority, your deposit secures your spot.

ALSO... it is not too early to make an appointment to have your child's vaccination updated. The State of Montana **requires** children about to enter Kindergarten to have received 2 doses of MMR, 2 doses of Varicella vaccine, 3 doses of Polio vaccine and at least 1 dose after the 4th birthday, and 4 doses of DTP/DT/DTap/Td (1 dose after the 4th birthday). Your doctor's office can fax the vaccination record to us at 449-0129. Records should be in the school office before school starts in August.
