St. Andrew Catholic School

The mission of St. Andrew School is to provide a classical education built on Catholic faith, academic excellence and community.

St. Andrew Catholic School is seeking a passionate and dedicated full-time Sixth & Seventh Grade English Teacher for the 2026–2027 school year. We are looking for an educator who loves great literature, language, and writing, and who is eager to inspire students to pursue truth, goodness, and beauty through the study of the written word.

St. Andrew Catholic School is an independent PreK–12 Classical Catholic school located in Helena, Montana. Our school is fully accredited through the Western Catholic Educational Association (WCEA).

At St. Andrew, you'll join a close-knit community of faculty, families, and students who value meaningful relationships, academic excellence, and authentic Catholic formation. Our small class sizes allow teachers to know their students well and foster engaging discussions that encourage thoughtful analysis, respectful dialogue, and intellectual growth. Parents are highly invested in their children's education and partner closely with teachers in supporting student success.

The ideal candidate will have a passion for teaching literature and composition while helping students become confident readers, writers, speakers, and thinkers. Familiarity with or an appreciation for the Classical education model is welcomed, as students engage with many of the great works of Western literature and the Catholic intellectual tradition.

Helena offers an exceptional quality of life for those who love the outdoors and a strong sense of community. As Montana's capital city and a central location within the state, Helena provides easy access to every corner of Montana while offering year-round recreation including hiking, mountain biking, skiing, fishing, hunting, camping, and countless opportunities to explore Montana's natural beauty. The city is also home to the breathtaking Cathedral of St. Helena, vibrant Catholic parishes, and a welcoming faith community that makes Helena an exceptional place to live, work, and raise a family.

Qualified applicants should hold, or be eligible to obtain, a valid Montana teaching license. Candidates should demonstrate excellent communication skills, effective classroom management, and a commitment to fostering a rigorous and engaging learning environment.

Teachers do not have to be Catholic to be considered for employment. However, all faculty are expected to support the mission of St. Andrew Catholic School, respect and uphold the teachings of the Catholic Church, and actively contribute to the faith-filled culture of the school.

If you are passionate about literature, writing, and forming young minds through a Classical Catholic education, we encourage you to apply and become part of the St. Andrew Catholic School community.
